Our Mission

Our Mission is to provide food and clothing to Plano ISD families who are in immediate need and who are currently living in transition, due to Hardship, natural disaster, fire, loss of housing, job loss or any life-altering situation that may have occurred.

Welcome & Enrollment Center

The Welcome and Enrollment Center is designed to help families navigate the enrollment and transfer process and remove barriers to education. The center connects families to community and state resources, hosts immunization clinics and helps with immediate needs.
