Vision and Mission Statements for District and Campus

Plano ISD Vision Statement

Plano ISD schools empower students to be able to adapt to new learning and career opportunities throughout their lives, collaborate with, and contribute to, the global community and to be disciplined and creative in their thinking.

Plano ISD Mission Statement

The mission of the Plano Independent School District is to provide an excellent education for each student.

District Goals

Plano ISD has two major ongoing district goals:

- Ensure continued improvement in student learning.
- Ensure efficient use of resources.

Campus Mission Statement

Through teamwork in a caring environment, Shepton High School will produce responsible graduates who are able to think critically and function successfully with the integrity and pride in our rapidly changing and highly competitive world.

Site-Based Improvement Committee Meeting Dates

Meeting 1: SBIC approves the improvement plan – 08/30/2018 08:00 am

Meeting 2: Progress monitoring and review of strategic plan - 01/24/2019 08:00 am

Meeting 3: Evaluate effectiveness of implementation of strategic plan and meeting of goals - 05/16/2019 08:00 am

State Goals and Objectives

The State of Texas Public Education Mission

The mission of the public education system of this state is to ensure that all Texas children have access to a quality education that enables them to achieve their potential and fully participate now and the future in the social, economic, and education opportunities of our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of this state and for the preservation of the liberties and rights of citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family; and that parental involvement in the school is essential for the maximum educational achievement of a child.

The State of Texas Public Education Objectives

Objective #1 - Parents will be full partners with educators in the education of their children.

Objective #2 - Students will be encouraged and challenged to meet their full educational potential.

Objective #3 - Through enhanced dropout prevention efforts, all students will remain in school until they obtain a high school diploma.

Objective #4 - A well-balanced and appropriate curriculum will be provided to all students.

Objective #5 - Qualified and highly effective personnel will be recruited, developed, and retained.

Objective #6 - The state's students will demonstrate exemplary performance in the comparison to national and international standards.

Objective #7 - School campuses will maintain a safe and disciplined environment conducive to student learning.

Objective #8 - Educators will keep abreast of the development of creative and innovative techniques as appropriate to improve student learning.

Objective #9 - Technology will be implemented and used to increase the effectiveness of student learning, instructional management, staff development, and administration.

TEA Strategic Priorities

Goal #1 - Recruit, support, and retain Teachers and Principals. Goal #2 - Build a foundation of reading and mathematics.

Goal #3 - Connect high school to <u>career</u> and <u>college</u>. Goal #4 - <u>Improve</u> low-performing schools.

Information regarding the TEA Strategic Plan may be accessed here: http://tea.texas.gov/About_TEA/Welcome_and_Overview/TEA_Strategic_Plan/

State Compensatory Education Program Information

Compensatory education is defined in law as programs and/or services designed to supplement the regular education program for students identified as at risk of dropping out of school. The purpose of the PISD State Compensatory Education (SCE) program is to supplement the regular or basic education program with compensatory, intensive, and/or accelerated instruction. The goal of Plano ISD's compensatory education program is to reduce any disparity in performance on assessments or in rates of high school completion between students at risk of dropping out of school and all other district students. Funding allocated for compensatory education programs and/or services is based on the number of educationally disadvantaged students in a district. The number of educationally disadvantaged students is determined by averaging the highest six months of student enrollment in the National School Lunch Program (NSLP) for free or reduced-price lunches or in the School Breakfast Program (SBP) for the prior federal fiscal year. The state's eligibility criteria for identifying students at risk of dropping out of school include a student who is under the 21 years of age and who:

- 1. is in prekindergarten, kindergarten or grade 1, 2, or 3 and did not perform satisfactorily on a readiness test or assessment instrument administered during the current school year;
- 2. is in grade 7, 8, 9, 10, 11, or 12 and did not maintain an average equivalent to 70 on a scale of 100 in two or more subjects in the foundation curriculum during a semester in the preceding or current school year or is not maintaining such an average in two or more subjects in the foundation curriculum in the current semester;
- 3. was not advanced from one grade level to the next for one or more school years;
- 4. did not perform satisfactorily on an assessment instrument administered to the student under Subchapter B, Chapter 39, and who has not in the previous or current school year subsequently performed on that instrument or another appropriate instrument at a level equal to at least 110 percent of the level of satisfactory performance on that instrument;
- 5. is pregnant or is a parent;
- 6. has been placed in an alternative education program in accordance with Section 37.006 during the preceding or current school year;
- 7. has been expelled in accordance with Section 37.007 during the preceding or current school year;
- 8. is currently on parole, probation, deferred prosecution, or other conditional release;
- 9. was previously reported through the Public Education Information Management System (PEIMS) to have dropped out of school;
- 10. is a student of limited English proficiency, as defined by Section 29.052;
- 11. is in the custody or care of the Department of Protective and Regulatory Services or has, during the current school year, been referred to the department by a school official, officer of the juvenile court, or law enforcement official;
- 12. is homeless, as defined by 42 U.S.C. Section 11302, and its subsequent amendments; or
- 13. resided in the preceding school year or resides in the current school year in a residential placement facility in the district, including a detention facility, substance abuse treatment facility, emergency shelter, psychiatric hospital, halfway house, or foster group home.

SCE Program Funding

| 1 | | | |
|---|-----------|-------------|---|
| | SCE Total | \$71,221.02 | State Compensatory Ed funds allocated for allowable supplemental resources and 1 staff. |

Comprehensive Needs Assessment Summary

| Area Reviewed | Summary of Strengths What were the identified strengths? | Summary of Needs What were the identified needs? | Priorities What are the priorities for the campus, including how federal and state program funds will be used? |
|----------------------------|---|--|---|
| Demographics | Shepton has a wonderfully diverse population. All students are provided with opportunities for growth regardless of socioeconomic status. Shepton has a wide variety of activities in which students can participate. | Intervening with at-risk students more quickly and more frequently Need for more open discussions on differing cultural views - with students and teachers | Work to be more inclusive and provide more support for students new to the campus and/or new to the country |
| Student Achievement | We measure progress through growth for all students. | Looking for ways to bridge gaps in student learning while continuing curriculum | Sheltered instruction training will be provided for all teachers working with ELL students. |
| | We de-emphasized standardized testing and focus on student learning. | Ways to support ELL students in all subject areas | |
| School Culture and Climate | New building brings new opportunities. | Continue the SEL movement into application in the classrooms | Social Emotional Learning facilitators for the campus will work to provide training and lessons in order to implement SEL activities on a regular basis in every classroom. |
| | Staff are relatable and are willing to build strong teacher/student relationships. | Ensure that the new building can help to ensure physical safety of all students and staff | Physical safety procedures for staff and students are reviewed and updated |

| Area Reviewed | Summary of Strengths What were the identified strengths? | Summary of Needs What were the identified needs? | Priorities What are the priorities for the campus, including how federal and state program funds will be used? |
|---|--|--|---|
| | | | regularly with a focus on supervision and practice. |
| | Administration and counseling teams that are supportive and approachable. | Students have a hard time seeing "the end game" because of the separation with Plano West | |
| | SHS Standards that are consistent throughout every classroom. | Continue to work toward the idea of mutual respect between/among students, staff | |
| | PBIS/SEL | Work to find ways for more students to get involved in school. | |
| Staff Quality/ Professional Development | Shepton has a family atmosphere where everyone is approachable and helpful. | Staff development needs to be flexible and pertinent to each staff member. | The New Teacher Mentoring program will continue to expand to support teachers beyond their first year on campus. |
| | Highly effective new teacher mentoring program | More consistent guidelines for mentoring program - for first year and beyond. | |
| Curriculum, Instruction, Assessment | Curriculum correlates with TEKS and builds 21st century skills (collaboration, communication etc.) | Students need to see the relevance and real world application to the skills/topics/content that they are learning. | Implementation of Collaborative team planning processes using standard set of questions, meeting notes - focusing on data and evidence. |
| | Data helps to guide curricular decisions as teachers have the freedom to meet the needs of student learning in the classrooms. | There is a lack of communicated differentiation strategies in the curriculum. | Training team leaders and department heads on how to more effectively lead collaborative team meetings focused on student achievement. |
| | Technology makes curriculum and data accessible (curriculum planner, edugence). | There never seems to be enough time to plan and implement real-world application of the skills and content. | |

| Area Reviewed | Summary of Strengths What were the identified strengths? | Summary of Needs What were the identified needs? | Priorities What are the priorities for the campus, including how federal and state program funds will be used? |
|----------------------------------|--|--|--|
| Family and Community Involvement | Our school is made up of wonderful, caring people who work to support all student and families, and the teachers who work with them daily. | We need more resources to help with translation into a variety of languages. It would be good to have a stronger vertical connection with Plano West. | We will continue to look for ways to ensure that all parents and students can be involved, despite any language barrier. |
| School Context and Organization | High levels of teacher autonomy | Need for more unified policies between departments (testing schedule, re-take policy, make-up work policy.) | The campus leadership team has met and come to decisions to define school wide policies to be implemented this school year. |
| | Positive feedback from the community about perception of the school. Working to be innovative with time | Desire for more voice on formal assessments, policies etc. | The campus leadership team will work to communicate the decision making processes with their departments and seek more input. |
| Technology | during the school day (i.e. block lunch) Chromebooks in classrooms provide many opportunities | Need more technology instruction on a variety of levels in order to use the technology in the classroom in the most efficient ways. | We will work to off more professional development opportunities in the area of technology for a variety of proficiency levels. |
| | Teachers are excited and willing to learn ways to better incorporate technology. | Wi-fi issues in the building make technology use difficult. | We will continue to work with the district to fix some of the technology integration issues. |
| | Teachers are utilizing Google Classroom for student assignments, which has led to clearer communication. | Some students are not using the available technology for academic purposes. | |
| | Teachers have access to GoGuardian to monitor student technology use. | Lack of integration between new technology and existing technology can cause issues. | |

SHEPTON HIGH SCHOOL – 2018-2019 Campus Improvement Plan

Critical Action #1

| Problem Statement | The collaborative teams at Shepton HS are operating at varying levels of autonomy compared to the "Collaborative Teams that Transform" PLC process (policies and practices). |
|-------------------------|--|
| Root Cause and Strategy | Shepton team leaders have not been provided with training and support in the PLC process. |
| Goal | Teacher teams and collaborative groups at Shepton HS will regularly interact to address common issues, based on data, regarding curriculum, assessment, instruction and the achievement of all students. |
| Project Lead | Principal, Assistant Principals |
| Staff, Title I Staff | Shepton Department Chairs and Team Leaders |
| Materials and Resources | HRS Data, PLC training, Edugence, Various texts on HRS and PLC processes |

| | | | | | | | with department heads and team leaders at varying degrees of frequency. | | department to gauge how each department is doing. |
| Collaborative teams will meet regularly, focusing solely on student learning and achievement, using data and the "4 questions" to drive instruction. | | | | Weekly and as the need arises. | Collaborative team meeting notes, student achievement data, formative and summative assessments | Instruction in every classroom will be student-centered and focus on growth for all students. | Some Progress Meetings are taking place once a week with team leaders focusing on the 4 questions. Team leaders are working to change discussions from task to focusing on student learning. | Some Progress Collaborative teams are consistently meeting weekly, and with some clarifications made to the process and the collaborative team meeting note templates. During the team leader extended planning day, additional learning was presented having to do with leading meetings, and with helping look at data to document student progress and progress toward department goals. Through this training time and the feedback from the pullout day, additional training on accessing and use of data is needed. | Significant Progress Collaborative teams are continuing to consistently meet weekly, and are using some form of the meeting note templates. After gathering feedback from the pullout day, additional training on accessing and use of data is needed. As the district rolls out the PISD improvement cycle, there will need to be training on how each phase of the cycle will look, and how the 5 questions tie into the analysis and implementation of the district curriculum. |

Critical Action #2

| Problem Statement | The percentage of students meeting the Approaches, Meets and Masters EOC standard is below the district average for all students on the the Algebra 1 EOC, Biology EOC, English 1 EOC and English 2 EOC. |
|-------------------------|---|
| Root Cause and Strategy | The school lacks a systemic process that leverages multiple sources of student achievement data to inform instruction to allow growth for all students in every curricular area. |
| Goal | By the end of the school year, we will ensure growth in student achievement for all students, and work to reduce the achievement gap in all areas, using campus, district, state and national indicators to document improved learning. |
| Project Lead | Principal, Assistant Principals |
