Vision and Mission Statements for District and Campus

Plano ISD Vision Statement

Plano ISD schools empower students to be able to adapt to new learning and career opportunities throughout their lives, collaborate with, and contribute to, the global community and to be disciplined and creative in their thinking.

Plano ISD Mission Statement

The mission of the Plano Independent School District is to provide an excellent education for each student.

District Goals

Plano ISD has two major ongoing district goals:

- Ensure continued improvement in student learning.
- Ensure efficient use of resources.

Campus Mission Statement

Where children feel safe, loved, and enjoy learning; where children see themselves as responsible lifelong learners; where respect and kindness define our Bronco spirit; where the commitment of school and community is celebrated.

Site-Based Improvement Committee Meeting Dates

Meeting 1: SBIC approves the improvement plan – 08/29/2018 03:15 pm

Meeting 2: Progress monitoring and review of strategic plan - 02/06/2019 03:15 pm

Meeting 3: Evaluate effectiveness of implementation of strategic plan and meeting of goals - 05/08/2019 03:15 pm

State Goals and Objectives

The State of Texas Public Education Mission

The mission of the public education system of this state is to ensure that all Texas children have access to a quality education that enables them to achieve their potential and fully participate now and the future in the social, economic, and education opportunities of our state and nation. That mission is grounded on the conviction that a general diffusion of knowledge is essential for the welfare of this state and for the preservation of the liberties and rights of citizens. It is further grounded on the conviction that a successful public education system is directly related to a strong, dedicated, and supportive family; and that parental involvement in the school is essential for the maximum educational achievement of a child.

The State of Texas Public Education Objectives

Objective #1 - Parents will be full partners with educators in the education of their children.

Objective #2 - Students will be encouraged and challenged to meet their full educational potential.

Objective #3 - Through enhanced dropout prevention efforts, all students will remain in school until they obtain a high school diploma.

Objective #4 - A well-balanced and appropriate curriculum will be provided to all students.

Objective #5 - Qualified and highly effective personnel will be recruited, developed, and retained.

Objective #6 - The state's students will demonstrate exemplary performance in the comparison to national and international standards.

Objective #7 - School campuses will maintain a safe and disciplined environment conducive to student learning.

Objective #8 - Educators will keep abreast of the development of creative and innovative techniques as appropriate to improve student learning.

Objective #9 - Technology will be implemented and used to increase the effectiveness of student learning, instructional management, staff development, and administration.

TEA Strategic Priorities

Goal #1 - Recruit, support, and retain Teachers and Principals. Goal #2 - Build a foundation of reading and mathematics.

Goal #3 - Connect high school to <u>career</u> and <u>college</u>. Goal #4 - <u>Improve</u> low-performing schools.

Information regarding the TEA Strategic Plan may be accessed here: http://tea.texas.gov/About_TEA/Welcome_and_Overview/TEA_Strategic_Plan/

State Compensatory Education Program Information

Compensatory education is defined in law as programs and/or services designed to supplement the regular education program for students identified as at risk of dropping out of school. The purpose of the PISD State Compensatory Education (SCE) program is to supplement the regular or basic education program with compensatory, intensive, and/or accelerated instruction. The goal of Plano ISD's compensatory education program is to reduce any disparity in performance on assessments or in rates of high school completion between students at risk of dropping out of school and all other district students. Funding allocated for compensatory education programs and/or services is based on the number of educationally disadvantaged students in a district. The number of educationally disadvantaged students is determined by averaging the highest six months of student enrollment in the National School Lunch Program (NSLP) for free or reduced-price lunches or in the School Breakfast Program (SBP) for the prior federal fiscal year. The state's eligibility criteria for identifying students at risk of dropping out of school include a student who is under the 21 years of age and who:

- 1. is in prekindergarten, kindergarten or grade 1, 2, or 3 and did not perform satisfactorily on a readiness test or assessment instrument administered during the current school year;
- 2. is in grade 7, 8, 9, 10, 11, or 12 and did not maintain an average equivalent to 70 on a scale of 100 in two or more subjects in the foundation curriculum during a semester in the preceding or current school year or is not maintaining such an average in two or more subjects in the foundation curriculum in the current semester;
- 3. was not advanced from one grade level to the next for one or more school years;
- 4. did not perform satisfactorily on an assessment instrument administered to the student under Subchapter B, Chapter 39, and who has not in the previous or current school year subsequently performed on that instrument or another appropriate instrument at a level equal to at least 110 percent of the level of satisfactory performance on that instrument;
- 5. is pregnant or is a parent;
- 6. has been placed in an alternative education program in accordance with Section 37.006 during the preceding or current school year;
- 7. has been expelled in accordance with Section 37.007 during the preceding or current school year;
- 8. is currently on parole, probation, deferred prosecution, or other conditional release;
- 9. was previously reported through the Public Education Information Management System (PEIMS) to have dropped out of school;
- 10. is a student of limited English proficiency, as defined by Section 29.052;
- 11. is in the custody or care of the Department of Protective and Regulatory Services or has, during the current school year, been referred to the department by a school official, officer of the juvenile court, or law enforcement official;
- 12. is homeless, as defined by 42 U.S.C. Section 11302, and its subsequent amendments; or
- 13. resided in the preceding school year or resides in the current school year in a residential placement facility in the district, including a detention facility, substance abuse treatment facility, emergency shelter, psychiatric hospital, halfway house, or foster group home.

S	CE Total	\$69,664.00	State Compensatory Ed funds allocated for allowable supplemental resources and 1 staff.

Comprehensive Needs Assessment Summary

Area Reviewed	Summary of Strengths What were the identified strengths?	Summary of Needs What were the identified needs?	Priorities What are the priorities for the campus, including how federal and state program funds will be used?
Demographics	We consistently recognize & appreciate differences in cultural diversity	As our population becomes more diverse, the needs of our students are changing. Teachers and students need more support and/or training in order to meet those needs.	Administration will create a survey to gain a better understanding of the staff needs. Once completed, gather a plan to help support them.
Student Achievement	Effective teaching & interventions promote high achievement.	We need a systematic approach across contents & grade levels for students performing below grade level to close the achievement gap. We need to look at content based assessments (not just standardized assessments such as MAP and STAAR) but assessments after unit study and reflect on how students are doing. Monitor and adjust at that time.	Contact the Curriculum and Instruction department to help target some of the instruction to meet the students who are performing below grade level. We will look at assessments in different subject areas and take the time during planning to analyze how well students are doing and make adjustments.
School Culture and Climate	We have a warm & nurturing environment where student success is celebrated. The students have several opportunities to be recognized throughout the day, both building wide incentives and in their classroom.	Clear & consistent discipline procedures. Staff acknowledgement & appreciation. SEL Strategies-more than just community circles.	We will create a discipline referral system that outlines clear and consistent discipline procedures building wide. SEL presentation and strategies to be shared with the staff during staff meeting and throughout the year. Administration will recognize and appreciate staff on an ongoing basis.
Staff Quality/ Professional Development	We have a high quality, supportive & committed staff.	We need more time for authentic and meaningful collaboration with vertical teams.	We have created a schedule where collaborative teams (vertical teams) will be meeting periodically throughout the

Plano Independent School District 9 of 33

Area Reviewed	Summary of Strengths What were the identified strengths?	Summary of Needs What were the identified needs?	Priorities What are the priorities for the campus, including how federal and state program funds will be used?		
			year to share ideas and best practices. Assigned grade level teachers will also be sharing monthly during staff meetings.		
Curriculum, Instruction, Assessment	Rigorous monitoring of all students. Plan for students' learning driven by TEKS & differentiated instruction based on students needs.	We need resources that systematically fill in students gaps.	We will invite district curriculum staff for support and develop additional strategies within our collaborative team planning meetings. (Vertical and Team Planning meetings)		
Family and Community Involvement	Our PTA is the strength of our school community. We have many activities that are sponsored by our PTA, as well as by our school to include our families.	With our school becoming more diverse, we need to maximize our efforts to involve ALL populations in our various school activities.	During evening events, we will invite and encourage all families to get involved and participate. (one example is to change multicultural day to an evening even to include parent participation and to lead activities related to their culture). ESL teacher will also look at forming a collaborative team to see how we can reach more families from various backgrounds.		
School Context and Organization	Overall Barksdale is a place that parents and students enjoying coming to school. Extended planning has allowed time for teams to dig deeper into the curriculum and time to analyze data.	Learning communities need to focus on extending their learning and its impact on student achievement.	Collaborative teams, both vertical teams and grade level teams will meet periodically to make sure curriculum and assignment are vertically aligned.		
Technology	We are provided with a variety of devices to meet the needs of different student groups. Technology is widely used in all subjects. Staff have a pretty good understanding of technology and have	We need training & information for the programs we currently have available. We need grade-level & subject specific list of available programs to maximize their use.	We will invite technology department to train the teachers.		

Barksdale Elementary School – 2018-2019 Campus Improvement Plan

	attended professional development classes to help gain a better understanding.		

Critical Action #1

Problem Statement	The collaborative teams are operating at varying levels of autonomy compared to the Collaborative Teams that Transform PLC process (policies & practices)
Root Cause and Strategy	We will address the need for specific training on policies and effective practices by ensuring the PLC process is implemented consistently using the district's PLC protocol with fidelity.
Goal	Increase student achievement by implementing the PLC process & effective monitoring practices as it relates to HRS Critical Commitment Level 1
Project Lead	Principal, Assistant Principal, Team Leaders
Staff, Title I Staff	All grade level teachers, support and specialist teachers, special education teachers
Materials and Resources	High Reliability Schools Framework, Google forms/folder, Data collection from Eduguence

Action Step(s)	Resource Description	Туре	Amount	Implementation Timelines	Implementation Evidence	Outcome	Monitoring Short Term	Monitoring Intermediate	Monitoring Long Term	Title I Schoolwide Components (Code by #)
District Curriculum and Instruction teams will provide staff training on planning protocol.				August 3, 2018 Part 1 and Part 2 Formative Assessment training in Nov/Dec.	Lesson plans reflecting planning protocol & assessment cycle.	Effective lessons that differentiate instruction & increase student achievement.	On Track to Make Progress	Some Progress Lesson plans created by teachers follow planning protocol & assessment cycle.	Significant Progress Lesson plans reflect differentiated practices and data analysis to maximize learning opportunities and increase student achievement.	
Identify specific collaborative team structures the school will use.				August, 2018	Collaborative teams meetings & meeting agendas.	PLC process is implemented consistently across campus.	On Track to Make Progress	Significant Progress Collaborative teams have met and established areas of strength and growth.	Significant Progress Collaborative teams have a clearly defined structure across campus and meet regularly to discuss alignment of instruction.	
Create overarching group norms and expectations.				August 2018 and revisit each planning session	Groups norms are visited during planning sessions.	PLC process is implemented consistently across campus.	On Track to Make Progress	Significant Progress	Significant Progress Overarching group norms and

					Group norms are included in meeting agendas.			Grade levels have refined norms and expectations. Norms are revisited at the beginning of every team meeting.	expectations have facilitated collaboration and PLC process implementation.	
Vertical Collaborative team meetings to align curriculum.				Every nine weeks	Vertical team meetings agendas. Aligned curriculum through lesson plans.	PLC process is implemented consistently across campus.	On Track to Make Progress	Some Progress Vertical teams have met to discuss and align curriculum and share resources	Significant Progress Vertical team meetings occurred every nine weeks. Teams discussed TEKS alignment, resources and strategies.	
Lesson Plan examples provided to teams to determine the focus when planning.				August 2018 through May 2019.	Focused & aligned lesson plans.	Effective lessons that differentiate instruction & increase student achievement	On Track to Make Progress	Some Progress Lesson plan templates and samples have been shared with teams to support curriculum alignment and differentiation.	Some Progress Lesson plan templates were shared with teams. Teams will continue to refine format to ensure clarity of curriculum alignment & objectives.	
Extended time will be provided for teams to implement the planning protocols for unit instructional planning and analyze data. Teams will create an agenda with time to reflect on practices.				Monthly	Extended planning meeting agendas. Data Analysis & reflection forms.	Effective lessons that differentiate instruction & increase student achievement	On Track to Make Progress	Some Progress Teams are focusing on data analysis and targeted lesson plans to increase student achievement.	Significant Progress Grade level teams used extended planning time to focus on effective lesson planning & targeted instruction.	

Critical Action #2

Problem Statement	At the campus there are inconsistent/varied uses of instructional strategies in writing impacting student performance. Gaps also exist in the performance of current ESL students in 4th grade writing STAAR (30%) compared to performance of group districtwide (51%)
Root Cause and Strategy	We will address the existing performance gaps by providing students with targeted instruction in editing & revising and increasing writing opportunities for all grade levels through formal time allotments in each grade level.
Goal	Increase student achievement by implementing a school-wide, consistent writing program to move all students to meet and masters achievement levels in 4th grade writing STAAR.
Project Lead	Principal, Assistant Principal and Team Leaders
Staff, Title I Staff	Classroom teachers K-5, Instructional specialist, ESL specialist, Special Education department.
Materials and Resources	PISD Curriculum, and additional writing resources
