Problem Statements Identifying Demographics Needs

Problem Statement 1: There has been a need for conflict resolution and addressing the social emotional needs of students. This affects the academic success as they are struggling with basic hierarchy of social emotional needs. **Root Cause:** We will address the social emotional needs of students through weekly/monthly Kid Talks within each grade level team with support from the Social Emotional Teacher to build capacity within each teachers classroom.

Student Learning

Student Learning Summary

Christie Elementary Goals Including HB3 Goals: (see tables in addendum): Individual goals are set for each student group with the expectation of high standards as well as to narrow the gap between each group and the All Students group. If the student group is below the All Students group, that student group's goal for 2024 is to narrow the performance gap by half as well as meet the overall percentage increase in the STAAR Meets Grade Level performance required for the All Students group.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Improve STAAR reading in all grades by implementing guided reading and small group reading Tier 1, 2, 3 instruction. **Root Cause:** We will address the needs of reading instruction by implementing guided reading in all grades K-5.

School Processes & Programs

School Processes & Programs Summary

Strengths

- Effective differentiation when forming class lists
- Admin listens to Teacher concerns & Teacher have an active part in decision making process
- Flexibility in common assessments. Teachers had more autonomy in creating formal assessments for ELA/Reading based on student needs
- 65% of staff completed the HRS Survey - results indicate positive feedback
- Admin Walk throughs with feedback (meetings/Notecards)
- PDH
- Data Analysis Meetings
- Data Tracker is very useful - also help with teacher accountability and lets Teachers know what students need. Data Tracker SHOULD drive instruction
- Appears that effort to push higher students has been successful
- Technology is used effectively across all grades optional PD for staff to attend areas they need assistance. Technology is used to engage and obtain interest in topics, supplement the teaching.
- Weaknesses
 - Master Schedule
 - No flexibility in district testing
 - We'd like 100% to take the HRS survey
 - New teacher/mentor program - more support/check-ins needed
 - Having all students (1st-5th grade) logging in on their own (younger grades using google classroom, etc.)
 - People willing to learn and adopt (technology)
 - Teachers may rely on technology to teach instead of a supplemental resource
