

Plano Independent School District

Forman Elementary

2021-2022

Board Approval Date: November 3, 2021

Mission Statement

- To ensure that ALL students experience at least one year of social, emotional and academic growth.

Vision

All student will experience daily growth.

Comprehensive Needs Assessment

Revised/Approved: September 16, 2021

Demographics

Demographics Summary

Plano ISD provides resources in the form of Chromebooks and other technologies to help reach students in our schools. This addresses the 21st Century Learning Skills. Forman has shown tremendous growth in the areas of approaching math and reading at a 70% range. Forman has implemented the Dual Language program to meet the needs of our students (44% bilingual, 16% ESL, 40% for the current school year).

Demographics Strengths

We need to increase the number of students who achieve at a higher level in STAAR across subject areas so that we have more students reaching the master and meets level. We need to analyze STAAR items to identify students' needs by accountability groups. We need to address At Risk students' needs and act with a sense of urgency for them to reach the maximum academic and social-emotional growth. We need to focus on growing all our 3rd, 4th and 5th graders in the areas of math, science and reading and on closing gaps.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Address students' needs with appropriate identification and programming of all services such as PACE, 504/CMIT, Dyslexia. **Root Cause:** Lack of vertical collaboration.

Student Learning

Student Learning Summary

Forman Elementary Goals Including HB3 Goals: (see tables in addendum): Individual goals are set for each student group with the expectation of high standards as well as to narrow the gap between each group and the All Students group. If the student group is below the All Students group, that student group's goal for 2024 is to narrow the performance gap by half as well as meet the overall percentage increase in the STAAR Meets Grade Level performance required for the All Students group.

Student Learning Strengths

There is a clear disparity between reading and writing. Our campus needs to focus on how teachers score rubrics and utilize the Plano rubric to score in writing. Strategies to develop academic language and research based strategies are needed in the monolingual classrooms. Strong PLCs with structures have a positive impact on the academic success of their grade level.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Reading: There is a gap between the All student group Meets performance level on STAAR Reading (41%) and the Special Education (17%) student group. o Math: There is a gap between the All student group Meets performance level on STAAR Math (53%) and the Special Education (37%) student group. o Writing: There is a gap between the All student group Meets performance level on STAAR Writing (25%) and the English Learner (22%) and Economically Disadvantaged (23%) student groups. o Science: There is a gap between the All student group Meets performance level on STAAR Science (58%) and the Special Education (21%) and English Learner (57%) student groups.

Problem Statement 2: In reading, there is a significant gap between all student groups at all levels compared to the ED district group. **Root Cause:** Teachers require additional training in the area of explicit instruction of phonemic awareness and phonological processes at the foundational level. Inconsistent structures are in place to address independence during the Balanced Literacy block. Teachers do not consistently implement the use of academic language during content instruction.

Problem Statement 3: In math there is a significant gap between all student groups in certain grade levels compared to the district. **Root Cause:** Teachers require additional training and purposeful planning to address closing gaps in foundational skills. Teachers do not consistently implement the use of academic language during math instruction.

Problem Statement 4: In science there is a significant gap between all student groups in a grade level compared to the district. **Root Cause:** Teachers require additional training in providing rigorous and explicit instruction and content vocabulary, consistency in routines / procedures and tools to deepen student understanding of science concepts.

Problem Statement 5: There has been a recent significant spike in the number of students who arrived at school dysregulated. **Root Cause:** The teachers require additional training in providing strategies, procedures and structures to help students regulate.

School Processes & Programs

School Processes & Programs Summary

Due to the public health situation, safety and health are top priorities this year. The following measures have been put into place to mitigate contagion and avoid students' and staff co-mingling.

Duty rosters clearly outlined so that all students are adequately supervised and appropriately distanced during meals in the classroom.

All professional learning and staff meetings are provided via Zoom or TEAMS to avoid staff co-mingling.

Students attend small group instruction with various layers of PPE to mitigate close contact.

Specialists and Title I support teachers work with only one grade level to limit exposure to the broad population.

Seating charts for all classes, specials and small groups ensure students are being puled as much as possible with classmates. When not possible, proximity is limited and time increments of under 15 minutes maintained.

Dismissal is staggered and distributed throughout the building exits to avoid large gathering of students.

Designated restrooms are assigned to a maximum of two grade levels with schedules in place to avoid large gathering of students.

Enrichment staff have devised a plan to provide after school enrichment via virtual platforms.

Community Liaison and Social Worker offer parent classes through Zoom.

School Processes & Programs Strengths

Data-driven supports in place for all students.

Programs and enrichment programs offered at different times and virtually to encourage students' and parents' participation.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Students are lacking access to quality after school supervision and programming. Parents need to be involved in school through family programs. **Root Cause:** There is a need for after school enrichment programs and clubs and parent involvement programs offered at different times.

Perceptions

Perceptions Summary

There is a need of collaborative teams meetings across the campus: for example vertical teams, campus leadership, content/subject meetings. There is a need for staff to plan collaborative and analyze data using the DDI protocol.

Perceptions Strengths

Grade level collaborative meetings are taking place at least once a week. There is a need to follow the DDI protocol during team collaboration.

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Team collaborative planning using the DDI protocol **Root Cause:** Lack of team planning focus

Priority Problem Statements

Problem Statement 1: Reading: There is a gap between the All student group Meets performance level on STAAR Reading (41%) and the Special Education (17%) student group. o Math: There is a gap between the All student group Meets performance level on STAAR Math (53%) and the Special Education (37%) student group. o Writing: There is a gap between the All student group Meets performance level on STAAR Writing (25%) and the English Learner (22%) and Economically Disadvantaged (23%) student groups. o Science: There is a gap between the All student group Meets performance level on STAAR Science (58%) and the Special Education (21%) and English Learner (57%) student groups.

Root Cause 1:

Problem Statement 1 Areas: Student Learning

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- HB3 Reading and math goals for PreK-3
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- Covid-19 Factors and/or waivers for Assessment, Accountability, ESSA, Missed School Days, Educator Appraisals, etc.

Student Data: Assessments

- (STAAR) current and longitudinal results, including all versions
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results

Student Data: Student Groups

- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- EL/non-EL or LEP data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender, etc.

Goals

Revised/Approved: September 16, 2021

Goal 1: DIP - Plano ISD will increase student learning as evidenced by an increase in the percentage of students performing at the Meets grade level standard on STAAR/EOC ELAR from 2019 to 2022.

Performance Objective 1: HB3 - The percent of Forman 3rd grade students that score meets grade level or above on STAAR ELAR will increase from 45% in 2019 to 49% by June 2022. The Special Education student group performance will increase from 20% in 2019 to 25% in 2022. The African American student group performance will increase from 31% in 2019 to 38% in 2022.

Targeted or ESF High Priority

HB3 Goal

Evaluation Data Sources: 2022 STAAR ELAR - 3rd Grade

Summative Evaluation: Some progress made toward meeting Objective

Strategy 1 Details	Formative Reviews		
<p>Strategy 1: Teachers will build academic language during content instruction by engaging students in metacognition, explicitly teaching academic vocabulary and providing students structured opportunities to use language through BeGLAD, AVID and English language development strategies and structures.</p> <p>Strategy's Expected Result/Impact: Writing TELPAS Results Reading, math, and science results</p> <p>Staff Responsible for Monitoring: ESL Instructional Specialist</p> <p>Schoolwide and Targeted Assistance Title I Elements: 2.4, 2.5, 2.6, 3.1, 3.2 - TEA Priorities: Build a foundation of reading and math, Improve low-performing schools - Targeted Support Strategy</p>	Formative		
	Nov	Feb	June
			

Strategy 2 Details	Formative Reviews		
<p>Strategy 2: Teacher teams will utilize the DDI cycle to plan, deliver, and assess instruction to determine reteach, intervention or enrichment to achieve incremental growth; teachers will also provide after school tutoring to deliver accelerated instruction, per HB4545.</p> <p>Strategy's Expected Result/Impact: Increase of students meeting master and meet levels on ELAR STAAR</p> <p>Staff Responsible for Monitoring: Instructional Specialist</p> <p>Schoolwide and Targeted Assistance Title I Elements: 2.4, 2.5, 2.6, 3.1, 3.2 - TEA Priorities: Build a foundation of reading and math - Targeted Support Strategy</p>	Formative
