# Comprehensive Needs Assessment

Revised/Approved: October 7, 2021

## Demographics

### Demographics Summary

	Student Demographics	Teacher Demographics
AA	19%	9%
White	19%	43%
Asian	6%	3%
Hispanic	54%	43%
Two or More	4%	1%

Gifted and Talented 6% - 40

Bilingual 24% - 159

Mobility Rate 16.6% (2017-2018)

Economic Disadvantage 73%

Number of students Free - 427 Reduced - 59

Special Education - 13% - Total - 93

675 Total

Title I Teachers - 3

Instructional Support - 1

Bilingual Instructional Support- 1

Campus Instructional Specialist - 1

Dyslexia Support - .50

Social Worker - .50

SLP - 2 - 1 Bilingual/1 Monolingual

ESL - 2

PACE - 1

Counselors - 2

Paras - two bilingual assistants, 4 sped assistants

### **Demographics Strengths**

Our Mobility rate is lower than the state. We have Multicultural Celebrations to represent the different cultures of our families. We offer different programs like: Mobile Bus, Parent Academy, Parent Involvement Day, Game Nights, and PTA functions (concerts, spirit days at restaurants) to involve our families.

### **Problem Statements Identifying Demographics Needs**

**Problem Statement 1:** We need effective ways and strategies to teach our culturally diverse learners. **Root Cause:** We need professional learning focused on addressing the SEL and academic needs of our diverse student population.

# Student Learning

## Student Learning Summary

**Thomas Elementary Goals Including HB3 Goals:** (see tables in addendum): Individual goals are set for each student group with the expectation of high standards as well as to narrow the gap between each group and the All Students group. If the student group is below the All Students group, that student group's goal for 2024 is to narrow the performance gap by half as well as meet the overall percentage increase in the STAAR Meets Grade Level performance required for the All Students group.

## Student Learning Strengths

The number of students at the Approaches level on STAAR increased across content areas

## Problem Statements Identifying Student Learning Needs

**Problem Statement 1:** There is a gap between the All student group Meets performance level on STAAR Science (15%) and the English Learner (8%) and Economically Disadvantaged (9%) student groups. **Root Cause:** Prerequisite skills in science not taught with fidelity across grade levels. Formative assessments were not planned and data was not analyzed on a regular basis. Differentiation not supplied for all students K-5.

**Problem Statement 2:** There is a gap between the All student group Meets performance level on STAAR Reading (35%) and the Special Education (27%) and Economically Disadvantaged (25%) student groups. There is a gap between the All student group Meets performance level on STAAR Writing (32%) and the English Learner (21%) and Economically Disadvantaged (21%) student groups. **Root Cause:** There is a lack of a shared understanding and successful implementation of the components of Guided Reading

**Problem Statement 3:** There is a gap between the All student group Meets performance level on STAAR Math (37%) and the Special Education (22%) and Economically Disadvantaged (31%) student groups. **Root Cause:** There is a need to address effective instructional strategies during first instruction. There is a need to address effective differentiation strategies.

**Problem Statement 4:** : There is a gap between the All student group Meets performance level on STAAR Writing (32%) and the English Learner (21%) and Economically Disadvantaged (21%) student groups **Root Cause:** There is a need to address effective instructional strategies during Tier I writing instruction.

**Problem Statement 5 (Prioritized):** There is a gap between the All student group Meets performance level on STAAR Science (21%) and the English Learner (11%) and bilingual students (8%) student groups. **Root Cause:** Lack of understanding of how TEKS and vocabulary are assessed and the importance of vertical supports

**Problem Statement 6 (Prioritized):** There is a gap between the All student group Meets performance level on STAAR Reading (15%) and the African American or black students (8%). **Root Cause:** Lack of monitoring and tracking student depth of understanding of essential standards

**Problem Statement 7 (Prioritized):** There is a gap between the All student group Meets performance level on STAAR Math (18%) and African American students 12%. **Root Cause:** Lack of or use of concrete resources, such as manipulatives. (Teachers are not connecting the importance of the use of concrete objects, such as manipulatives, with student learning (movement through concrete to abstract in the learning process).

# School Processes & Programs

## School Processes & Programs Summary

Extended planning is focused, purposeful, and intentional.

New teacher and new to Thomas teacher onboarding process is effective.

CHAMPS program implementation is consistent across the campus.

## School Processes & Programs Strengths

63.9 % of staff surveyed state that their teams are identifying the essential standards and 18% of those surveyed state that their teams are addressing this. When these percentages are combined, this means that almost 81% of teachers surveyed are addressing the standards as a team. 59% of staff surveyed state that they are identifying content and topics we can eliminate to devote more time to the essential curriculum and 19.7% of those surveyed state that their teams are addressing this. When these percentages are combined, this means that almost 78% of teachers surveyed are addressing the identity content and topics to eliminate s as a team.

## Problem Statements Identifying School Processes & Programs Needs

**Problem Statement 1:** Teams are not proficient in the development or use of CFA's to monitor student mastery or deficits to drive instruction. **Root Cause:** Developing and using common formative assessments (CFA's) is an area of need. There were several questions on the HRS surveys regarding CFA's. The results for these questions were all lower than 72% (when combining "true of our team" and "we are addressing this"). The lowest was at 51% (establishing a proficiency standard). Initiating team data talks regarding student mastery of the standards. Teachers from 3 grade levels were represented in our group and none of them feel these conversations are taking place with their teams. Conversations are crucial for teams to have in order to ensure we have the mindset of "not my kids, your kids but OUR kids." Therefore, the development and use of CFA's in an area of need.

# Perceptions

## Perceptions Summary

Schoolwide norms have been established and guide in collaboration.

We are using more surveys and questionnaires to gain input from parents, teachers, and students.

We have emergency drills

Staff supervision during arrival and dismissal

Parents/community members invited to SBIC

PTA input and involvement welcomed

Most team leaders feel supported.

## Perceptions Strengths

Families are invited to complete surveys to give their opinions and offer insight.

Parents and community members are invited to participate in SBIC panels, judge Science and History fairs.

They are also encouraged to volunteer and lead parties, field trips, and other events throughout the year.

We provide services such as, Parenting classes, Mobile Computer Lab, Health Fair, Food for Kids, Social Worker services, Free Breakfast for all, ELMS club which promote healthy family relationships.

## Problem Statements Identifying Perceptions Needs

**Problem Statement 1:** Grade level planning must be consistent and solid, there are too many differences in planning from grade level to grade level. There is a lack of team cohesiveness in some grade levels and there are differences between and among grade levels. **Root Cause:** We need to effectively equip and empower Team Leaders.

# Priority Problem Statements

**Problem Statement 1:** There is a gap between the All student group Meets performance level on STAAR Science (21%) and the English Learner (11%) and bilingual students (8%) student groups.

**Root Cause 1:** Lack of understanding of how TEKS and vocabulary are assessed and the importance of vertical supports

**Problem Statement 1 Areas:** Student Learning

**Problem Statement 2:** There is a gap between the All student group Meets performance level on STAAR Reading (15%) and the African American or black students (8%).

**Root Cause 2:** Lack of monitoring and tracking student depth of understanding of essential standards

**Problem Statement 2 Areas:** Student Learning

**Problem Statement 3:** There is a gap between the All student group Meets performance level on STAAR Math (18%) and African American students 12%.

**Root Cause 3:** Lack of or use of concrete resources, such as manipulatives. (Teachers are not connecting the importance of the use of concrete objects, such as manipulatives, with student learning (movement through concrete to abstract in the learning process).

**Problem Statement 3 Areas:** Student Learning

# Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

## Improvement Planning Data

- District goals
- Campus goals
- HB3 CCMR goals
- Performance Objectives with summative review (prior year)

## Accountability Data

- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data

## Student Data: Assessments

- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- Local diagnostic reading assessment data
- Local benchmark or common assessments data
- Running Records results
- Observation Survey results

## Student Data: Student Groups

- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- EL/non-EL or LEP data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender, etc.
- Section 504 data
- Dyslexia Data
- Response to Intervention (RtI) student achievement data

## Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records
- Enrollment trends

## Employee Data

- Professional learning communities (PLC) data
- Staff surveys and/or other feedback
- Teacher/Student Ratio
- Campus leadership data
- Professional development needs assessment data
- TTESS data

**Parent/Community Data**

- Parent surveys and/or other feedback
- Community surveys and/or other feedback

**Support Systems and Other Data**

- Processes and procedures for teaching and learning, including program implementation
- Communications data

# Goals

Revised/Approved: October 7, 2021

**Goal 1:** DIP - Plano ISD will increase student learning as evidenced by an increase in the percentage of students performing at the Meets grade level standard on STAAR/EOC Reading from 2019 to 2022.

**Performance Objective 1:** HB3 - The percent of Thomas 3rd grade students that score meets grade level or above on STAAR Reading will increase from 29% in 2019 to 33% by June 2022.

**Targeted or ESF High Priority**

**HB3 Goal**

**Evaluation Data Sources:** 2022 STAAR Reading - 3rd Grade

**Summative Evaluation:** Met Objective

Strategy 1 Details	Formative Reviews		
<p><b>Strategy 1:</b> Increase the use of research-based instructional methods/best practices that will boost language supports and reinforce language structures by focusing on building language throughout the day.</p> <p><b>Strategy's Expected Result/Impact:</b> Professional development on strategies to build language (ex. QSSSA and structured conversations)</p> <p>Walkthroughs from admin will focus on strategies that build language acquisition (ex. Seven Steps of a Language Rich Classroom)</p> <p>Specific focus on academic vocabulary with use of sentence stems and language objectives and functions</p> <p><b>Staff Responsible for Monitoring:</b> Administration Team, Instructional Support Team</p> <p><b>Schoolwide and Targeted Assistance Title I Elements:</b> 2.4, 2.5, 2.6 - <b>TEA Priorities:</b> Build a foundation of reading and math - <b>ESF Levels:</b> Lever 1: Strong School Leadership and Planning, Lever 2: Effective, Well-Supported Teachers, Lever 4: High-Quality Curriculum, Lever 5: Effective Instruction</p>	Formative		
	Nov	Feb	June
			

Strategy 2 Details	Formative Reviews		
<p><b>Strategy 2:</b> Expand teacher use of research-based instructional methods/best practices</p> <p><b>Strategy's Expected Result/Impact:</b> Use formative (CFA) or summative assessment implementation, analysis, tracking of standards growth )</p> <p>Use of district provided Campus CFA Tracking Document - sample, carefully monitor affected group</p> <p>Training for new teachers and returning teachers on how to use data.</p> <p>Place data meetings on the calendar for grade levels, IS, and admin to attend.</p> <p>Instructional Team will be trained in Coaching Collaborative Teams.</p> <p>Coach teachers in the effective PLC process (creating, implementing, analyzing, tracking, reteaching/extending).</p> <p>Provide tools for teachers to support best practices in for reading intervention as needed.</p> <p><b>Staff Responsible for Monitoring:</b> Administration Team, Instructional Support Team</p> <p><b>Schoolwide and Targeted Assistance Title I Elements:</b> 2.4, 2.5, 2.6 - <b>TEA Priorities:</b> Build a foundation of reading and math - <b>ESF Levers:</b> Lever 1: Strong School Leadership and Planning, Lever 2: Effective, Well-Supported Teachers, Lever 4: High-Quality Curriculum, Lever 5: Effective Instruction</p> <p><b>Funding Sources:</b> Primary Resource (Spanish and English) - 211 Title I, Part A - \$1,382.23, Michael Heggerty/Phonemic Awareness: Kindergarten Resource (English and Spanish) - 211 Title I, Part A - \$902.82</p>	<b>Formative</b>

<p><b>Strategy 5:</b> Strengthen teacher use and knowledge of abstract and concrete models to explicitly instruct math concepts.</p> <p><b>Strategy's Expected Result/Impact:</b> Increase organization and use of manipulatives for math instruction.</p>	<b>Formative</b>		
	<b>Nov</b>	<b>Feb</b>	<b>June</b>

Coach teachers to understand the importance of using concrete objects for all grades, all students, and all levels of instruction (T1, T2, T3).

Incorporate use of manipulatives on lesson plans in Tier 1 instruction (teacher modeling).

Provide extended planning to discuss formative assessments to understand and interpret data from tier I instruction.

Have abstract vs. concrete models on walkthrough form.

**TEA Priorities:** Build a foundation of reading and math, Improve low-performing schools - **ESF Levers:** Lever 2: Effective, Well-Supported Teachers, Lever 4: High-Quality Curriculum, Lever 5: Effective Instruction

No Progress

## HB3 Early Childhood Campus Goals - Grade 3 STAAR at Meets Standard

Thomas

2019 Rates: Based on percent of students at STAAR Grade 3 Meets Grade Level standard on Accountability Subset based on Domain 1 Rules.

2019 Number Tested: If students at Meets standard is less than 5, the number of students tested is not displayed for masking rules.

Campus 2024 Goal for each student group based on the increase for each group required at the district level.

Target for interim years based achieving increases of 12% in 2020, 15% in 2021, 18% in 2022, 25% in 2023, and 30% in 2024 of the required overall increase from 2019 to 2024.
